To: Whom it may concern

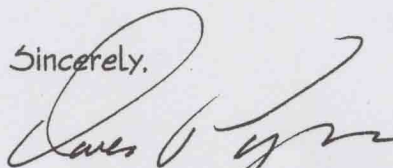

As the owner of our company, we have been working with C-Me Trim for over 5 years with residential and commercial projects. The personal and professional service that we have received cannot be compared to any other company.

With all the products that are available to us, we know we are receiving the best quality material and workmanship. C-Me Trim always helps with the selection of products as well as installation of them.

They take the time to walk through our jobs, measure them and check to see the availability date of products and installation.

We have been very pleased with C-Me Trim as a supplier/ installer and we highly recommend their services. We feel C-Me Trim would be a great asset to any company. C-Me Trim has always been a part of our construction team.

Sincerely,

Owen Pym, CR, CKBR, CLC
