

To Whom It May Concern:

I have worked with Chuck Minch at C-Me Trim for well over 3 years. We have built projects in Carlsbad and Moreno Valley with over four hundred Units each. C-Me trim is by far the door and trim company of choice for our Multi-Family Construction projects. I have worked with most local large door companies in Southern California and C-Me trim is the only organization of choice for us. We are currently subcontracting C-Me trim on a few more projects from Irvine to San Marcos and down town San Diego.

*Thank you,
Sam Dawly
Project Manager*
